Emerging Leaders

Emerging Leaders *Inter*MISSION 2019

Since 2013, the Emerging Leaders Program has cultivated 21st century leadership skills and fostered the radical imagination of 75 emerging community leaders. By leveraging their unique assets, the program has created pathways to civic and public decision making tables in the Mahoning Valley. Building on this momentum, this fall we will launch Emerging Leaders *Inter*MISSION, a year-long mission to engage program alumni in focused reflection, personal and professional development and community-building. *Inter*MISSION will be a moment for alumni to step back, center and activate their talent, wisdom and passion to produce authentic, lasting change in the Valley.

**The Program**

Emerging Leaders leverages the unique assets of emerging leaders from Warren and Youngstown to create pathways to decision making tables in the Mahoning Valley. The program uses a small group model to explore and cultivate 21st century leadership skills and foster radical imagination among participants.

**The People**

Emerging Leaders are diverse residents of the urban core of the Mahoning Valley, primarily Warren and Youngstown, who are currently engaged in grassroots initiatives in the community and are seeking to develop and actualize their leadership potential.

**The Proof**

To date, 75 Emerging Leaders have completed the program. The Emerging Leader Alumni Association has over 50 active members and a newly created online Connection Portal. Alumni acknowledge their Emerging Leader experience:

- Increased confidence to pursue and achieve promotions and complete college degree programs
- Opened doors to knowledge, people and resources that exist in the community
- Developed the ability to apply a racial equity and inclusion lens to their life and work
- Equipped them to disrupt the status quo and change the Valley’s leadership composition and structure through board, coalition, task force and committee leadership roles
Inspired and supported entrepreneurial exploration, deeper civic engagement and non-profit capacity building
